Sir:

In response to the Office Action dated August 9, 2001, the applicants elect for prosecution herein the claims of Group II, i.e. claims 8-15. However, the Examiner is requested to reconsider the restriction requirement at least to the extent of including the Group III claims, i.e. claims 16 and 17, with the Group II claims. All of these claims share a common general inventive concept and should be considered together.

Favorable reconsideration to the extent indicated, with a favorable action on the merits, is requested.

Respectfully submitted,

PILLSBURY WINTHROP LLP
